

ALIN SERIE

# ALIN

## VERSATILITY AND ADAPTABILITY

A professional single-group coffee machine that redefines the barista experience. Designed for those who seek excellence and uniqueness in every preparation, Alin stands out for its compact size and versatility, fitting into any space without compromising quality.

Perfect for the professional barista who values quality and efficiency, Alin combines an exclusive design with unmatched functionality. Elevate your coffee artistry to a new level with this unique machine, ideal for any setting.

## AMAZING EXTRACTION & EMULSION POWER

Alin concentrates the power of large machines in its small structure, delivering a precise extraction that captures every note and aroma of the coffee. But it doesn't stop there: its emulsification capability creates creamy and silky textures, perfecting each cappuccino and latte with a level of quality worthy of the most demanding baristas.

# ALIN SERIE

## POWERFUL BOILER

Our Alin machine features the largest boiler on the market for machines in its range.

## EASY INTALLATION

Alin is designed to be plug-and-play, requiring no installation, which means you can start creating coffee masterpieces right from the start.

## LARGE CAPACITY DUMP TRAY

Alin's generous drip tray ensures a continuous and hassle-free workflow
